Commercial Pressure Cleaner

Kärcher supplies high-performance, reliable and easy-to-operate pressure cleaner to users in all business sectors. More performance with less consumption, longer service life with shorter cleaning times. Kärcher HD7/10 CXF is designed for use in hygiene-sensitive areas with its grey non-marking wheels and high pressure hose.

50% more power

Kärcher pencil jet sole focus on one spot cleaning for removing extremely stubborn dirt. Use to clean wet cement, solid soil, stain, etc.

Efficient cleaning

Kärcher Fan Jet nozzle cleans large areas much faster and more effectively tackling stubborn dirt and stains. Use to clean floor, truck, etc.

Engine Driven

Kärcher versatile pressure cleaner with internal combustion engine ideal for use where no electrical connection is available such as construction site, farm, public area, etc.

Engine Driven Special Class

Hot Water Pressure Cleaner

High pressure combined with temperature improves cleaning performance by over 50%. Kärcher hot water units are used wherever stubborn dirt and grease has to be removed quickly, thoroughly and economically.

Better cleaning result

Using heat cleaning with pressurized water can remove stubborn dirt, oils, greases and stains effectively. Useful for cleaning car engine, machine, etc.

Improve hygiene

Hot water helps disinfection and reduces the levels of bacteria. You use less chemicals in the process as the chemicals react better at high temperature. Useful for cleaning kitchen, barns, etc.

Dries faster

Cleaning with heat shorten cleaning time by 35% and cut down water usage. After cleaning, the object being cleaned dries quicker as it evaporates faster. Useful for cleaning public areas, hotel pools, etc.

Compact Class

Dry Vacuum cleaner

Kärcher new vacuum cleaners come with its own unique features that save costs & make your daily operations more convenient. Kärcher compact vacuum comes with a washable cloth filter which enables the customer to vacuum without often changing filter-this saves costs on your daily business expenses. With HEPA filter (optional for T12/1, BV5/1 and CV38/2) even the smallest allergy-causing particles stand no chance. The air blown out is even cleaner than the air in the room. CV38/2 and CV66/2 clean using an unique brush technology for effective threads or hairs removal.

Quiet and hygiene

Designed to be lasting and quiet with efficient motor performance and airflow. With HEPA 12 filter even the smallest allergy-causing particles stand no chance. Ideal for hospital, office, college, etc.

Special function

Kärcher bag pack vacuums are used in tight, steep, difficult to venture in spaces. ideal for termites cleaner, cinema, bus cleaning, etc.

Large areas cleaning

CV66/2 with contra-rotating roller brush system is deal for efficient and thorough cleaning of large carpeted areas. Ideal for ball rooms, airports, college hall, museum, etc.

Wet & Dry Vacuum Cleaner

These specialty vacuum cleaners are specially designed for heavy duty cleaning jobs where there is heavy dust or powder to be cleaned. In conventional vacuum cleaners, suction power is reduced drastically over a short period due to clogged filters. With TACT (automatic filter cleaning system), these machines can work longer period with constant suction power.

Standard Vacuum

The standard vacuum comes with a washable filter which allows customer to vacuum without often changing filter. Ideal to pick up large quantities of liquid and coarse dirt. Best for restaurant, automotive, etc.

AP System

Semi-auto filter cleaning (cleaning filter at push of a button). It provides constant high suction power and lower upkeep costs. Ideal for vacuuming liquid, wet dirt and medium fine dusts. Best for Industry, warehouse, etc.

TACT System

(Triggered Action Cleaning Technology) Auto filter cleaning (filter cleans itself). It provides constant high suction power and lower upkeep costs. Ideal for liquids, coarse and fine dust with capacity for larger job. Best for Industry, construction, etc.

Carpet & Upholstery Cleaner

Carpets in buildings are subject to heavy traffic every day. Kärcher provides a cleaning solution for carpet cleaning. The cleaning solution is sprayed into the carpet under pressure and vacuumed away together with dissolved dirt. It provides fibre-deep cleaning of carpets, upholstery, mattresses and textile materials. This ensures thorough removal of stains, grease, dirt and odour.

Dries faster

Kärcher cleaning agent (CarpetPro detergents) with quick dry formula could hasten the drying time by 70% compare with conventional carpet cleaning. Useful for cleaning hotel, airport, etc.

Upholstery cleaning made easy

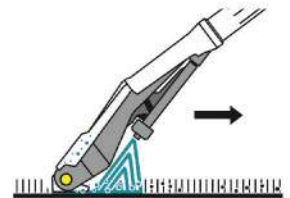

The upholstery accessory enables the best possible extraction of upholstery/ cushions at any angle. The modular system allows for quick changes between accessories.

Clean 30% faster

With the 200° rotatable cleaning head on BRC 40/22 C, it ensures propulsion, also clean forwards to improve productivity.

Spray Extraction Machine

Spray pressure	1 bar	1 bar	2 bar	4 bar

The Spray Extraction Principle

Water and cleaning agent are sprayed deep into the carpet while simultaneously vacuuming the dirty solution in a single pass.

Carpet Cleaner

Model:	BRC 30/15C	BRC 40/22 C	BRC 45/45C
Coverage	150 m ² /h	500-900 m ² /h	350-1000 m ² /h
Air flow / Vacuum	300 mbar	47 l/s/ 299 mbar	300 mbar
Capacity	15 liter	22/ 19 liter (Fresh/Dirty)	45 liter
Power	1130W + 80W	1119W + 400W	1100W + 600W
Spray pressure	3.5 bar	7 bar	3.5 - 7 bar

The Brush Mechanism

The brush mechanism of carpet cleaners with roller brush intensifies the cleaning power of the cleaning agent. This raises the carpet pile.

Carpet & Upholstery Cleaner | Steam Cleaner

Kärcher BRS 43/500 C and the CarpetPro cleaner iCapsol RM 768 are an unbeatable team for intermediate carpet cleaning. They enable you to reach the dirt even deep into the carpet. With Kärcher Air Blowers dramatically speed up the drying of carpet and floors. A steam cleaner provides pressurized hot steam at above 100°C to penetrate and clean surfaces. Heat disinfects and cleans oily surfaces easier.

Interim carpet cleaning

BRS 43/500 C: 2 in 1- fibre-cleaning and sweeping in a single operations. Suitable for iCapsol with high cleaning performance.

Hygienic cleaning

Steam kills 99.99% of bacteria. It also cleans without chemicals which prevents allergic reactions. It also cleans oily surfaces easier. Useful for hotel, restaurant, hospital, etc.

Efficient blower

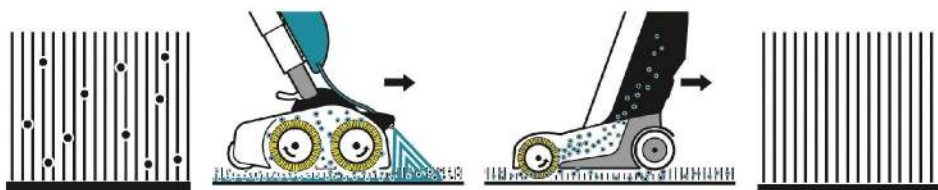

Kärcher AB 30 air blower ensures a fast dehydration time of carpets. Ideal for the construction drying, toilet drying and after water damages in buildings.

Carpet Cleaner iCapsol

BRS 43/500 C

Coverage :	60-75 m ² /h
Spray rate :	0.38 l/min
Capacity :	7.5 liter
Power :	370 W
Spray pressure :	3.4 bar

Intermediate Cleaning/ Encapsulation

- The iCapsol solution (RM768) is sprayed on the carpet with Carpet Cleaners.
- The iCapsol active ingredients bind the dirt and surfactants after cleaning to prevent resoiling of the carpet fibres.
- The iCapsol active ingredients form a crystalline structure when dry and can be removed by using Carpet Vacuum Cleaner (CV).
- This results in time saving of up to 50%.

Scrubber Drier

Kärcher offers wide range of scrubber driers from walk behind to ride-on scrubber driers. It is to cater for customer specific needs. Kärcher scrubber drier range demonstrates what modern versatility & user-friendliness can look like. They are extremely versatile to use as part of a perfectly tailored Kärcher system.

Cleaning at ease

The step-on scrubber drier has a compact build that can fit in most lifts. Its small turning radius 130° allows it to perform well even in narrow walkways. Ideal for cleaning hypermarket, hotel, etc.

Save Time

The ride-on scrubber drier allows working while seated which is simply less tiring. It enables continuous cleaning covering larger areas within a short spend of time. Ideal cleaning for mall, airport, etc.

Benefits of Roller & Disc brush

- Roller brush - Cleaning on structured surfaces
 - Up to 6x higher contact pressure
 - High brush speed for polishing
- Disc brush - Result in high sheen surfaces
 - Cleaning on smooth surfaces

Ride on Vacuum Sweeper

Kärcher offers wide range of ride on vacuum sweeper. They are designed cater to customer specific needs. Kärcher sweepers are built to the latest engineering standards. Designed for rugged reliability, they incorporate highly efficient sweeping & vacuuming technology that leave nothing upsept. Kärcher sweepers are available in petrol, diesel, LPG & battery versions which are suitable for sweeping in both indoor & outdoor.

High Performance

The impressive Industrial Sweepers are designed for use in heavy industry, such as in foundries or in the metalworking and logistics sectors.

Robust & Efficient

The Industrial Sweepers utilize Dustpan Principle where it guarantees good cleaning results for coarse dirt and fine dusts. Which efficient filter system, it promises dust-free sweeping.

Unique sweeper

MC50 could do much more than just sweeping. MC130 could be used as lawn mower and portable pressure cleaner. Ideal for municipal, academy, etc.

Kärcher Detergents

Model:

Order No. Size Description

Pressure Cleaner Detergent

1. 	2. 	1. PressurePro Oil and Grease Cleaner Extra, RM31	6.295-069.0	20l	Removes stubborn stains such as oil/grease, soot & smoke resin. (For basic cleaning)
		2. PressurePro Active Cleaner, RM81	6.295-556.0 6.295-557.0	10/20l	Removes heavy oil, grease & mineral stains. (For vehicle, tarpaulins & engines cleaning)
3. 	4. 	3. VehiclePro Prewash, RM803	6.295-547.0	10l	Softens and removes oil & grease deposit. (For car wash)
		4. PressurePro Intensive Deep Cleaner, RM750	6.295-539.0	10l	Removes stubborn stains such as oil, grease, soot, blood, protein. (For stripping & manual)
5. 	6. 	5. PressurePro Foam Cleaner, RM91 Agri	6.295-654.0	10l	Grease dissolving properties & removes organic material - dung & dirt. (For cleaning poultry)
		6. PressurePro Machine Protector Adv 1, RM110	6.295-625.0	1l	Scale inhibitor for hot water high pressure cleaners with integral corrosion protection. (For HDS machines)
7. 		7. PressurePro Solar Cleaner, RM99	6.295-798.0	10l	Remove stubborn stains, pollen, rust nad dust. (For solar panel cleaning)

Floor Polisher / Scrubber Detergent

1. 	2. 	1. FloorPro Intensive Deep Cleaner Extra RM752 ASF	6.295-813.0	10l	Removes gloss, wax & polymer coatings. (For deep, maintenance & stripping cleaning)
		2. FloorPro Wipe Care Extra RM780	6.294-997.0	10l	Foams a waterproof, hard-wearing & polish-able protective film with anti-slip properties. (For hard & resilient floors & coverings)
3. 	4. 	3. FloorPro Spray Cleaner RM748	6.295-162.0	10l	Removes heel marks & foot prints. Repains & restores coated floor. (For all coated hard surface)
		4. FloorPro Deep Cleaner RM69 ASF	6.295-415.0	20l	Removes stubborn oil, grease, soot, mineral soiling. (For deep, maintenance & manual cleaning)
5. 	6. 	5. FloorPro Shine Cleaner, extra low foam RM755 ES ASF	6.295-174.0	10l	Provides an attractive sheen on all hard floor. (For deep, maintenance & manual cleaning)
		6. FloorPro Multicleaner RM758	6.295-914.0	10l	Removes gloss, wax & polymer coating. (For deep, maintenance cleaning & stripping)
7. 	8. 	7. FloorPro Fine Stoneware Cleaner RM753 ASF	6.295-082.0	10l	Removes oil, grease & mineral stains. (For all fine stoneware tiles)
		8. FloorPro Tyre & Abrasion Marks Remover RM776	6.295-545.0	10l	Removes adhesive tape, rubber marks, heavy oil, soot soiling, polymer & wax coatings

Carpet Detergent

1. 	2. 	1. CarpetPro Cleaner RM760 Tabs	6.295-850.0	16tab	Cleans textile coverings & upholstery. (For Deep & Interim cleaning)
		2. CarpetPro Cleaner RM764 OA	6.295-854.0	10l	Clean textile coverings, upholstery, mixed fibre, absorb odour, Woolsafe approved, bleach-free. (For Deep & Interim cleaning)
3. 	4. 	3. CarpetPro Cleaner quick-drying RM767	6.295-198.0	10l	70% quicker drying tim for textile coverings & upholstery. (For Deep & Interim cleaning)
		4. CarpetPro Cleaner iCapsol RM768	6.295-562.0	10l	Excapsulates the dirt (Encapsulation Technology) and helps to dry up carpets quickly. (For Deep & Interim cleaning)
5. 		5. Universal Stain Remover RM769	6.295-490.0	1l	Removes oil, tar, show polish, adhesive for all textile coverings, upholstery and hard surfaces.

FOR EVERYTHING. FOR PROFESSIONALS. FOR YOU.

Professionals today do not need general machines that can all do a little. They need targeted solutions that complete specific tasks efficiently. Preferably a complete solution, as a functional, balanced system. For this reason, we constantly analyse the needs of all relevant industries in order to understand them better and recognise trends at an early stage. The result is innovative and efficient industrial solutions that fulfil their purpose in an exemplary manner. Robust and reliable. Efficient and economical. Lightweight and quiet. Handy and hygienic. That is the Kärcher system.
